

VARIED REPORTS  
SHOW BUSINESS  
IS ON UP-GRADEA Survey Of Associated  
Business Papers  
Encouraging

New York, Oct. 19.—(AP)—A varied assortment of data indicating that the trend of business is still upward, appears in the mid-October reports of editors of 113 publications, made to Associated Business Papers, Inc.

While the editors failed to find any great forward surge in any line of business, the statistics and reports collected during the first half of the month gave evidence of progress in a number of lines, including building, department store sales, advertising and such general barometers of business as electric power consumption, and the movement of freight.

Small gains in many department stores throughout the country were interpreted as a particularly cheerful sign.

"What makes the picture brighter," says the Business Papers summary, "is that for the first time in two years stocks have been brought into correct relation to sales. Analysis of Federal Reserve reports of sales and stocks have shown, ever since the end of 1929, that stocks were failing to decline in the same proportion as sales. This was an unhealthy condition, obviously."

With department store stocks and sales approaching a normal relationship, it is believed "there is much better basis for an assumption that store buying will show an almost immediate response to the quickening consumer demand than was the case six months ago when it was generally believed that store stocks had reached the irreducible minimum."

The editors laid considerable stress on their findings that newspaper advertising made a distinct upward turn during September and appeared to be continuing it during the early days of this month. Total income for September, it was said, was 81 per cent of September, 1931, while that of August totaled only 74.3 per cent of the same month a year ago.

## STEEL PRODUCTION

New York, Oct. 19.—(AP)—Steel ingot production has risen slightly this week, the ratio being 19 1/2 per cent against 19 per cent a week ago, "Iron Age" said today.

The industry is "still lacking conspicuous support" from the major consuming industries, and is "now inclined to the belief that it may mark time until the elections are out of the way," the review stated. The Wheeling district is the most active, at about 35 per cent, but small increases have occurred at Chicago and Pittsburgh.

Automobile manufacturers have released some steel for initial assemblies on new models, although "Iron Age" pointed out that prospective lower selling prices might bring "added pressure from the automobile makers against prices for materials."

Railroads are delaying the placement of commitments for steel and there has been little increase in volume of building construction steel.

## POWER OUTPUT

New York, Oct. 19.—(AP)—Power production in the United States during the week ended Oct. 15 showed a gain of 1,284,000 kilowatt hours over the previous week, which was somewhat less than the gain made in the corresponding week of 1931, the National Electric Light Association reported today.

Total output was 1,507,503,000 kilowatt hours against 1,506,219,000 the previous week and 1,656,051,000 in the same week of 1931.

The association figures showed that in the central area production was 11.3 per cent below the corresponding week last year.

Three Amboy Men  
Fined In Amboy

(Telegraph Special Service)  
Mendota, Oct. 19.—Three Amboy men were arrested Monday night by Mendota police following an automobile crash on state highway route 2 near the entrance to Kankakee park. The trio taken into custody were M. L. Treadwell, John Kiehlner and Howard Harvey. The car in which the Amboyites were riding had crashed into a new sedan belonging to LeRoy Krings of Fairbury in which Attorney and Mrs. Robert Henning of that place were passengers. Both cars were badly damaged and had to be hauled to a local garage but the occupants escaped with only minor injuries. Taken before Justice Otto Kieselbach, Harvey and Kiehlner were fined \$10 and costs each and Treadwell, owner of the Amboy machine, \$15 and costs on charge of being intoxicated and disorderly. Arrangements were also made to pay for the damages to the Fairbury machine.

## ALL PARROTS BARRED

Springfield, Ill., Oct. 19.—(AP)—The state Department of Health today declared in effect a strict quarantine on all birds of the parrot family upon information from health commissions of other states that birds from areas affected with psittacosis have entered Illinois recently.

The ban was directed against the movement of parrots, love birds, parakeets, amazons, Mexican double-heads, African grays, cockatoos, macaws, lorries and others. Fatalities from psittacosis or parrot fever, like in symptoms to pneumonia, have occurred in Massachusetts and Wisconsin.

HENRY FIELD TO BASE  
ADDRESS ON BOOK ABOUT  
FRANKLIN D. ROOSEVELT

Chicago.—Basing his address on the recently published book entitled "Franklin D. Roosevelt," Henry Field, Republican candidate for the United States Senate from Iowa, will tell his listeners that "Roosevelt's career reads more like a movie star than a farmer," in the Republican Farm program to be broadcast tomorrow at 12:30 P. M. C. S. T. The Chicago outlet is KYW.

Well known on the middle west as a successful salesman, Mr. Field whose home is Shenandoah, Ia., was victor in the recent primary election. He is campaigning extensively throughout Iowa and adjoining states in support of the candidacy of President Hoover.

## "WHEAT KING" TO SPEAK

Chicago, Oct. 19.—(AP)—The publicity department of the Republican National Committee announced today that Thomas D. Campbell, known as the "wheat king" of Hardin, Mont., was preparing a radio address in support of President Hoover. Campbell stopped here enroute to Washington for a conference with the President. The time of his talk has not yet been arranged.

At the same time the Speakers' Bureau of the committee made public a list of Republican speakers' engagements, including:

Mrs. Irene Reidy, head of the Speakers' Bureau of the Republican Women's Clubs of Illinois at the following Missouri points: Hannibal, Oct. 20; Moberly, Oct. 21; Chillicothe, Oct. 22; Kahoka, Oct. 24; Grant City, Oct. 26; Columbia, Oct. 27; St. Charles, Oct. 28 and Troy, Oct. 29.

Mrs. A. Lee Mathews, Oberlin, Ohio, at the following Missouri points: LaPlanta, Oct. 20; Shelbyville, Oct. 21 and Clarence, Oct. 22.

## PLANS FIGHTING SPEECH

Washington, Oct. 19.—(AP)—After a lengthy conference with President Hoover on the Detroit speech to be made by the President Saturday, Secretary Mills today told newspapermen it would be "safe to say it will be a fighting, thumping address." Mills declined to discuss the details or issues to be taken up.

Robert Lucas, chairman of the Executive Committee of the Republican National Committee, later told newspapermen after a talk with the President he had reported a belief that 270 electoral votes were "safe" for him, a sufficient number to insure his reelection.

In his resume of the political situation, Lucas termed California, Oregon, Kansas and Iowa as "perfectly safe," Nebraska as "leaning strongly toward the President," South Dakota and Washington as "rapidly becoming safe," North Dakota as being "in some doubt," and Ohio and Illinois as "confused."

He added he did not care to speak about the situation in Wisconsin.

Asked about the Chief Executive's plans for further campaign activities, Lucas said he would "hazard a guess" that Mr. Hoover would make an address in Indiana before November 8. He said, however, that no final plans had been made.

Minister's Trial  
For Murder Is On

Muskogee, Okla., Oct. 19.—(AP)—Having placed into the trial record testimony of alleged intimacy between the Rev. S. A. Berrie, and the 19-year-old girl whom he later married, the state pressed forward today in efforts to convict the minister of the murder of his first wife.

The state contends the first Mrs. Berrie, who died last March 21, was killed by poison placed in a sedative capsule by her husband. The 5-year-old hymn-writing pastor married Ida Bess Bright, pretty teacher in his Cumberland Presbyterian Sunday School, less than two months afterward.

Attired in a neat gray suit, the minister sat composedly through yesterday's long court session, which lasted until nearly midnight. By his side was his young bride, equally calm.

Thompson Recovers  
Part Of His Auto

Chicago, Oct. 19.—(AP)—All that former Mayor William Hale Thompson needs now for his automobile is one motor, four tires, a top, a radio, one windshield, a horn and some seats. The machine, stolen October 6, was recovered by the police last night, but all of the parts listed above were missing.

GOV. ROOSEVELT  
DENIES THINGS  
WILL BE WORSEChallenges Claims Of  
Republicans In An  
Address Today

Wheeling, W. Va., Oct. 19.—(AP)—Governor Roosevelt, Democratic candidate for the Presidency, in a speech here today challenged the claimed Republican contention that "things will be worse if I am elected" and declared that "what is wrong with the nation" is "mismanagement."

Speaking after a motor drive from Pittsburgh, he said:

"You have had placed before you the spectre of fear by the Republican candidate and the Republican leaders. You have been told that things might have been worse, and will be worse if I am elected to office. But I say to you, 'yes, things might have been worse; indeed we might all of us have been destroyed. But on the other hand remember that things might have been better, should have been better, and will begin to get better with a change of administration on the 4th of March.'"

"If this nation wants to know 'what is wrong with its national government, I will give them the answer in one word,' said Roosevelt. 'That word is 'mismanagement.'"

"I refuse to believe that the people of the nation can be made to fear false bogies," he added.

He asserted: "To attempt to instill panic into the electorate at a time when we must all have courage and a firm belief that the American characteristic of finding answers to problems will bring us back on the upward trail, is a method of campaigning which does little credit to leaders still at this time entrusted with the welfare of the United States."

## Credits Two Agencies

Mr. Roosevelt said "things might have been worse" if it were not for two things, the Federal Reserve System and the Reconstruction Finance Corporation.

The Federal Reserve System, he continued, "was the product of a Democratic 'Carter Glass' and the Reconstruction Finance Corporation 'is as much a Democratic measure as a Republican measure, for it was passed in a spirit of bipartisan co-operation in Congress.'"

"But," he added, "this measure was not due to the creative genius of Republican leadership, for it was during the period of the Democratic administration that there was established the War Finance Corporation, and it is essentially the principles of the War Finance Corporation which have been re-established at this new period of crisis."

## May Discuss Bonus

The Wheeling speaking engagement was the first of the second day's journey of the Democratic presidential aspirant. He will speak at Pittsburgh tonight. It is expected he will discuss the bonus bill in Pittsburgh. Of that speech, he said:

"Tonight at Pittsburgh I shall outline another cause which under Republican leadership has had a major effect upon our present condition and I shall once more explain a workable program to remedy the situation."

Asserting the Reconstruction Finance Corporation had performed "many excellent services," Roosevelt added "but it is the fact which I established last spring, and which the record of subsequent months disclosed that I was right in saying that only a small portion of the actual credits has seeped through to the worker, the farmer and the man without a job, or for that matter, to the small business man."

"Suggested Program"

Roosevelt said he had "suggested a program for the rehabilitation of agriculture," "a program for putting the great transportation systems of railroads on their feet," "a plan to curb the financial excesses and exploitations which in the last 12 years have thrown to waste so much of the hard earned savings of our citizens," "a definite program for the fair control of public utilities," and "a lowering of tariffs by negotiations with foreign countries."

"But," he continued, "I have not advocated, and I never advocate a tariff policy which will withdraw protection from American workers against those outside countries which employ cheap labor or who operate under a standard of living which is lower than that of our great laboring groups."

"The lesson of inter-dependence, the simple fact that no part of the country is safe while any part is in want," Roosevelt said. "The Hoover administration forgot."

"I 'encouraged speculators,' he elaborated, "strangled foreign markets by unduly restrictive tariffs, and accomplished nothing for agriculture."

Closing, Roosevelt asserted "my first thought is that government exists for individual men and women, and that its first objective is to promote their happiness and well-being. To me government is not a machine driven by technicians, but a human, sympathetic and responsive institution."

After the Wheeling meeting, he will return to Pittsburgh for an address tonight.

## May Reveal Stand

From a source close to the Democratic nominee came unofficial information that the bonus speech would be delivered tonight in Pittsburgh.

The Governor will continue his westward journey at 11:30 tonight.

JUNIOR INSULL  
ABLE TO HELP  
FATHER'S FLIGHTHas Income Of \$100,-  
000 Annually From  
Four Companies

Chicago, Oct. 19.—(AP)—Delving into the financial affairs of the Insulls, State's Attorney John A. Swanson said today he had learned that Samuel Insull, Jr., has an income sufficiently large to finance a long legal fight on behalf of his father, who is under indictment here on charges of embezzlement and larceny. The elder Insull is in Athens, Greece.

The prosecutor said his investigation had revealed that the younger Insull had an income of \$100,000 annually from the payrolls of four of the corporations which formed the nucleus of the old Insull utility empire. These companies are the Commonwealth Edison, Peoples Gas, Public Service of Northern Illinois, and Midland United. His annual compensation from each, he said, was over \$25,000.

The younger Insull is also in Europe, but is scheduled to return November 10.

"We would like to ask Insull, junior some questions about the flight of his father from Paris and as to whether he is personally financing his father," Swanson said.

POINTS TO SOCRATES

Washington, Oct. 19.—(AP)—The suggestion that Samuel Insull follow the example set by the philosopher Socrates some thousands of years ago and stand trial by his accusers was made today by Andrew J. Vlachos, Illinois official here seeking State Department aid in returning Insull from Athens, Greece.

Vlachos, Assistant State's Attorney and of Greek descent, said he was hopeful the utility operator now in Athens would have a change of heart and voluntarily return to this country to face charges of larceny and embezzlement in Cook county.

## PET DOGS KILLED

Reading, Eng., Oct. 19.—(AP)—Two pet dogs which formerly were inseparable companions of Samuel Insull, former Chicago utilities magnate, when he visited his huge country estate near here, have been killed by Insull's order.

One was a pedigree Airedale, and the other a pedigree Sealyham. It was stated both were in healthy condition but a veterinarian carried out Insull's instructions to kill them.

The dogs were buried in the garden.

Mrs. Ada Doty Of  
Amboy Is Called

Mrs. Ada Doty, a resident of Amboy for sixty years, passed away early Tuesday morning at the home of her daughter, Mrs. Louise Flora, 7626 Yates avenue, Chicago, where she had recently made her home. The body will be taken to Amboy where funeral services will be held at 2 o'clock Thursday afternoon at the home of her son, Paul Doty, with burial in Prairie Rest cemetery. Mrs. Doty is survived by three children: Mrs. Flora of Chicago, Paul of Amboy and Harry of Oak Park.

Girl To Have  
Lot Of Events  
To Catch Up With

Chicago, Oct. 19.—(AP)—Like Washington Irving's Rip Van Winkle, Miss Patricia McGuire, 27, who has been ill with sleeping sickness since last February 24, is going to have a lot of news to catch up on when she awakens from her long slumber.

Physicians who have attended her in her suburban home in Oak Park say there are unmistakable signs that she is awakening and her friends are wondering what her reactions will be to the many things that have happened since she fell asleep.

Since then many of the friends have been married or become engaged, Franklin D. Roosevelt and Herbert Hoover were nominated for the presidency, platinum blondes have gone out of style and red heads have come in, the Chinese and Japanese have been at odds, millinery has switched from one side of the head to the other, and many other events have occurred.

For months physicians and nurses have been feeding her through tubes. She is now able to turn over in bed. Yesterday she made an effort to talk to her mother.

Canadian Veteran  
To Speak In This  
City Tomorrow Eve

Much interest is being manifest in the meeting of voters of both sexes to be held in the Circuit Court room at the court house tomorrow evening at 8 o'clock, which will be addressed by Major Norman Allen Imrie, member of the faculty of Culver Academy, at Culver, Ind.

Now a teacher at Culver, Major Imrie was born in London, Ontario, Canada in 1887 and was graduated from the University of Chicago where he specialized in history and political science. He taught in Berea College, Berea, Kentucky for several years.

He served in the Canadian Army in the World War and was drafted as a special lecturer attached to the American Expeditionary Forces in Germany to discuss before the various units some questions of common interest between English speaking countries.

Major Imrie, who has taken an active part in the last three presidential campaigns and travelled part way across the continent as a speaker with the Coolidge-Dawes caravan in 1924, is an active supporter of President Hoover.

Expenses Of U. Of  
Illinois Decrease

Urbana, Ill., Oct. 19.—(AP)—Lloyd Morey, Comptroller of the University of Illinois, said today expenditures for the operation of the university for the first quarter of the fiscal year ended Sept. 30 were approximately \$200,000, or 13 per cent less than expenditures for the same period a year ago.

Forty-six per cent of the appropriation for the present biennium, Morey said, had been expended on Sept. 30. The biennium included eight quarters, five of which have been completed.

SUPREME COURT  
ASKED TO SPARE  
YOUTHFUL KILLERClarence Darrow Pleads  
For Life Of Rock-  
ford Murderer

Springfield, Ill., Oct. 19.—(AP)—Clarence Darrow begged the Illinois Supreme Court today for the life of Russell McWilliams, 19-year-old Rockford boy who killed a street car conductor during a hold-up.

The eminent Chicago attorney voiced before a full bench of seven black-robed justices his favorite theme—the inexorability of nature, the importance of good training, adolescence, and the criminality of capital punishment.

"It would be an outrage even to give him life imprisonment," the aged Darrow said. "It wasn't liquor that brought him to his situation. It was life—nature. He wasn't a man or a youth when he killed William Sayles. He was substance. The time of stress through which every boy passes came upon him like typhoid fever. He will take care of himself if he lives. The State's Attorney says the boy is six feet tall and judges him like a man of 50 with a fine education and a wonderful brain. Let us hope the time will come when even State's Attorneys will be educated and humane."

## Cited Criminal Record

To this State's Attorney William D. Knight of Winnebago county replied as "fine spun theorizing." He asked the court to affirm the sentence of electrocution passed twice by Circuit Judge Arthur E. Fisher of Winnebago county on the boy's plea of guilty. He cited his previous criminal record which included sentences of one year to life on five pleas of guilty to robbery with a gun.

"Judge Fisher was unfair to me and to this court in not allowing me to introduce evidence of these prior crimes at the first hearing of this case," Knight said. "It did not help this court. It hindered. But they are in the record now. At the time McWilliams killed William Sayles he was on probation from the County Court. This crime here was his seventh admitted robbery with a gun."

"The boy was not collecting bird's eggs, nor stamps, but revolvers. He owed three and had borrowed another. He was in a man's job, earning a man's pay in a man's shop, and with the body of a man. Nor is there evidence that he was intoxicated when he killed Sayles."

## Under Adjudication

Darrow once won from the Supreme Court an order directing Judge of its docket. No early decision was expected.

McWilliams is in Joliet penitentiary awaiting the outcome.

Mrs. Mary Schafer  
Died Tuesday Morn

Mrs. Mary Schafer, formerly of Dixon, for many years a resident of Ashton and vicinity, and mother of Mrs. Harry Vaupe and Mrs. Harvey Klein of Dixon and Mrs. Charles Kersten of south of Rockford, passed away early Tuesday morning at the home of the latter, where she had been making her home. Funeral services will be held at the Evangelical church in Ashton at 2 o'clock Thursday afternoon, Rev. Parke O. Bailey, assisted by Rev. J. H. Johnson, officiating.

Mrs. Schafer was born in Germany May 14, 1869, coming to the United States and the vicinity of Ashton in her childhood. She was married Nov. 18, 1888 to William Schafer who preceded her in death in 1918, her three daughters being the only survivors of her immediate family.

Realized Ambition  
Sends Man To Cell

Chicago, Oct. 18.—(AP)—Leslie Riley's realized ambition to live in an expensive apartment, drive a good car and head the best in literature is going to cost him a term of one to 10 years in the state penitentiary at Joliet, Ill.

He was sentenced today after pleading guilty to embezzling \$31,000 over a three-year period from the Cadillac Motor Company by forging salary vouchers.

Riley, who is 36 and who formerly lived in Davenport, Ia., took his sentence with a sigh of relief. He was indicted yesterday and expressed a desire to go into court at once and plead guilty.

## WEEKLY CROP REPORT

Springfield, Ill., Oct. 19.—(AP)—With ground conditions favorable, winter wheat seeding neared completion in the last week and early sown was up to good stand, the weekly report of the U. S. Department of Agriculture for Illinois said today.

Soybeans are being threshed and much corn was husked. Meadows are entering the winter in good condition. There was practically no rain but due to showers the week before moisture was generally ample, although there were a few local dry spots.

**Ask Receivership For Pennrod Corp.**  
Wilmington, Del., Oct. 19—(AP)—Suit was entered in Delaware chancery court today asking for the appointment of a temporary receiver for Pennrod Corporation pending the determination of a suit to declare null and void the voting trust agreement of the company.

The Pennrod Corporation, an investment concern, is affiliated with the Pennsylvania Railroad.

Joseph W. Perrine and Julia A. Perrine, both of Philadelphia, described as stockholders in Pennrod Corporation, filed the suit, which included the Pennsylvania and the "voting trustees" of the Pennrod Corporation.

The action requests the court to decree null and void the voting trust agreement of the Pennrod Corporation, dated May 1, 1929, and to appoint a temporary receiver for Pennrod Corporation, pending final determination of the suit so that the corporation will have the benefit of independent management of its affairs.

The bill of complaint alleges Pennrod Corporation has suffered enormous losses through its management by the trustees and asks the court to compel the trustees to account for all the alleged losses.

Philadelphia, Oct. 19—(AP)—Officials of the Pennsylvania railroad and of Pennrod Corporation declined to discuss the suit entered at Wilmington today to oust the voting trusteeship. Henry H. Lee, president of Pennrod said he had not been notified officially of the suit and therefore had nothing to say.

GOV. ROOSEVELT  
DENIES THINGS  
WILL BE WORSE

(Continued From Page 1)

with the Thursday stop at Indianapolis.

Yesterday, the first of his eight-day trip, he stopped twice in his home state, at Rochester and Buffalo, to speak for his friend, Lieut. Gov. Herbert H. Lehman, Democratic candidate for Governor of New York.

At both Rochester and Buffalo, he praised the Governorship of Al Smith. At Rochester he declared:

"Governor Smith had to build up the labor laws, he had to practically rebuild the highways, he had to strengthen social legislation. He had to rebuild the prisons. They were prisoners, to be sure, but human beings, nevertheless, and in many cases the forgotten man."

In 1911, he said at Buffalo, there were young men in the legislature "like Jim Foley, Bob Wagner, Al Smith and myself" who espoused progressive legislation and fixed "a definite policy which has been that of the Democratic party in the state ever since."

"We were called 'Communists' radicals in those days," he declared at Rochester. "But who were those laws—the workmen's compensation and such—intended to help? The forgotten man and the forgotten woman."

He said former Governor Smith "is to be thanked that the Lawrence power site is not now in the hands of private interests."

**Hits At Utilities**  
The Rochester crowd heard the New York Governor assert that the utility interests "are for Col. Donovan (William J. Donovan, the Republican candidate for Governor) as they were behind Machold (Edmund Machold, former Republican State Chairman) in the old days."

"They were the principal backers of Donovan this year," he continued. "Think that over for three weeks. How does Colonel Donovan stand on the St. Lawrence (the authorized state power development)? Ask him if he will cooperate with me down in Washington."

You have a humanitarian and a business man available this year and that is why I am asking the people of New York to elect Col. H. H. Lehman," Roosevelt said.

Roosevelt defended his own administration against Republican charges of extravagance.

### BLUEBIRDS

TODAY I saw a flock of blue birds fly  
 Towards sun-bright lands of fairer, warmer clime  
 They made no frantic race with light nor time,  
 But paused on grass and shrub to glorify  
 My day. Forget-me-nots in Autumn's sky.  
 They bloomed or sweet bluebells that chime  
 Their tender notes, a rhythmic sil-  
 ver rhyme,  
 And touch my soul without my knowing why.

Then they took flight again were Southward bound,  
 Beneath blue Summer skies they'll carol free,  
 The future now can bring me what I may—  
 With longing wistful gaze I search the ground  
 And find a feather token left for me.  
 I've had a glimpse of happiness today.

### Miss Lois Steacy Weds Saturday A.M.

Miss Lois Steacy, a charming Dixon girl, daughter of Mr. and Mrs. Lester Steacy, and Ray Wilson, popular and estimable young man of this city, will be united in marriage on Saturday morning at 9 o'clock at the parsonage to the Congregational church in Wheaton, Ill., by Rev. Morton Hale, pastor of the Dixon and Wheaton churches.

The young people will be unattended. The bride is to wear a modish autumn suit in brown, with hat, slippers and accessories matching. She will wear a corsage of pink tea roses.

After the ceremony the newlyweds will leave immediately by motor for Milwaukee and other points in Wisconsin.

On their return to Dixon they will make their home at 1410 Ninth street.

Mr. Wilson is the sign painter for the offices of the state highway department in Dixon and has many friends here. The bride-to-be is a charming girl who has been the recipient of many pre-nuptial courtesies for many weeks, attesting her popularity. All join in wishing them every happiness.

### All Set For "Uncle Henry's Wedding"

This evening in Moose hall a children's performance will be given for children under twelve years of age of the production "Uncle Henry's Wedding", a small admittance being charged for them.

Last evening the final rehearsal of the play which is being sponsored by the Congregational church, was held. On Thursday and Friday evenings the play is to be given in Moose hall. Uncle Henry and Aunt Samantha are growing restless and nervous and everything is set for the wedding. A fine cast of

Dixon people with peppy choruses and dances will take part. It is funny and has a plot of enough interest to hold the attention of all. No doubt the hall will be packed tonight by the kiddies, and also on Thursday and Friday nights for the adults.

### Fri-Lo-Ha Class Meeting Monday Eve At R. L. Boos Home

The Fri-Lo-Ha class of the Christian Sunday school held its monthly class meeting at the home of Miss Olive Boos on Lincoln Avenue, Monday evening. There were a large number of girls present, twenty members and three guests.

The meeting was called to order by the president, Miss Catherine Preston. This was followed by the class song "On Fri-Lo-Ha." Minutes of the last meeting were read by the secretary, Miss Helen Mae Fish. Treasurer's report, by Miss Edna Mossholder. Miss Genevieve Peitzell was appointed chairman of the devotions committee by the president.

Offering taken.  
 Prayer, Miss Leona Ort.  
 Devotions were led by Miss Evelyn Graff. An article was given by Miss Graff, "Life of Christ" by Burton and Matthews.

Scripture—Luke 1:4.  
 The meeting was then turned over to the social leader, Mrs. Gladys Kime. The games of "Going to California" and a guessing game were enjoyed, causing a lot of hilarious fun. Jokes were also told by different girls. Fortunes were told by Mrs. Ethel Hackbarth which proved to be very interesting to the girls.

Tempting Halloween refreshments were served by the hostess. At a late hour the girls departed for home after having an exceptionally fine meeting.

### Intermediate Department Enjoyed An Indian Pow-wow

The Intermediate Department of St. Paul's Lutheran church enjoyed an Indian pow-wow Friday evening. The evening opened with a business meeting. After a song the superintendent then told about the Indian boys and girls of the Bear Paw mountains, which the children are to study about for the next few months. The officers of the classes were elected. Those for the Anxious Workers class were:

President—Darlene Seiling.  
 Vice Pres.—Edna Fisher.  
 Secretary—Viola Switzer.  
 Treasurer—Mary Ellen Brierton.  
 Assistant treasurer—Georgia Eastman.

Those elected for Miss Seiling's class were:  
 President—Lois Rosbrook.  
 Vice Pres.—Katherine Hecker.  
 Secretary—Lucille Hank.  
 Treasurer—Harriet Weyant.  
 The meeting then came to a close, and everyone hastened with joy to the beautifully decorated room where the games were to be played, which amused all present. Afterward the fortune teller told fortunes. Each one receiving a fortune had to tell it to the others, which brought many laughs. Refreshments of pumpkin pie, Halloween candies, popcorn balls, apples and cocoa were served by members of the Anxious Workers class.

Everyone returned home very happy after their delightful evening.

### Mrs. Jas. Morrison Speaks For Hoover

Chicago. —Mrs. James Morrison, one of the organizers of the League of Women Voters, will address the Conference of Club Presidents, meeting at noon in the Art Institute on tomorrow, in behalf of President Hoover. It was announced by C. W. Ramseyer, Director of the Speaker's Bureau of the Republican National Committee.

From this engagement she will hurry to a meeting of the Lake Shore League of Women Voters for another speech at 12:30. On Friday, she will speak before the "Friday Club."

Mrs. Morrison now lives in Gresham, Conn., and has long been identified with the women's suffrage movement. She was an officer of several suffrage organizations and in 1912 she was a leading organizer of the dramatic "rain parade," when hundreds of suffragettes marched on the Republican convention in a demonstration for votes for women.

The Speaker's Bureau has also assigned Mrs. Morrison to several meetings out in the state. On October 22, she will speak in Champlain, on the 29th she is scheduled for an appearance in Peotone, Ill. On the 31st she will be in Highland Park, Ill., in the afternoon and in Geneva in the evening. On November 1 and 3 she will speak in Rock Island and Joliet, respectively.

### Mrs. Welch Is Honored Dinner Guest

On Monday evening the teachers in the south central school building entertained with a dinner at the Coffee House for Mrs. Ligouri Welch and Winifred Jones. There were eighteen guests present at the happy affair, the decorations being pink roses, favors, tapers, etc. At the conclusion of the dinner, Mrs. Welch, who

taught in the kindergarten department at the south central school for five years, was presented the lovely roses.

After the attractively appointed dinner bridge was enjoyed at the home of Miss Elizabeth Countryman.

Mrs. Mahon Forsyth was awarded the favor for high honors at bridge. Miss Cornelia Conibear won the second favor and Mrs. Welch was presented a guest favor with best wishes from all present.

### Economics Class Assembles Layette

By DON HILLIKER

The Home Economics IV class of the Dixon high school has assembled a layette which will be on exhibition Thursday, Oct. 20, at Elchler Bros. store and Monday, Oct. 24 at Geisenheimer & Co. store. While some of the display has been donated most of the garments have been made or selected by the class. More clothing has been provided than will be needed in one layette, however, Mrs. Louis Leydig, who is to aid the class in placing it, will find use for everything the girls have constructed.

The project has been financed by a sale of refreshments at the Dixon-Mendota football game and by the generosity of interested friends. Miss Olive Cotta has supervised the making of the layette.

### Many Reservations H.S., P.T.A. Meeting

By DON HILLIKER

Three hundred reservations have been made for the initial meeting of the high school Parent-Teacher Association. The scheduled affair is for this evening at 6:30 o'clock in the cafeteria of the local high school building.

Dr. Harry E. Bradford will appear as the speaker of the evening. He also speaks in two appearances at the Lee County Teachers Institute on Thursday. The Imperial Quartet will furnish the music.

The parents of high school students are urged to attend as it affords an excellent opportunity to become acquainted with the instructors.

### Pot Roast Is Popular for Autumn

With the coming of autumn pot roasts and stews gain popularity. Men always like them and, unless too highly seasoned, the roast or stew is suitable for quite small children.

Beef is usually thought of when pot roast is mentioned, but any variety of meat can be used this way. While any inexpensive cut is desirable for this method of cooking, one that contains a small amount of bone is especially economical and satisfactory. It is also an economy to purchase a roast large enough for two meals. The meat and gravy are splendid for the first meal and the meat is ready to slice cold or reheat appetizingly for the second meal.

In planning a meal in which pot roast figures as the "piece de resistance," full flavored vegetables and simple, homely desserts should be chosen. The gravy always is an important feature of the dinner and nothing should be permitted to rival its effect. For instance, creamed potatoes would be out of place since they would have no use for the delicious brown gravy, while plain boiled, mashed or rice potatoes would act as an ideal carrier for the gravy.

All the autumn vegetables combine well with a pot roast of beef. They may be cooked surrounding the meat or separately, as preferred. When cooked with the meat, the gravy becomes flavored with the vegetables; so unless a savory gravy is liked by all mem-

bers of the family, it's a safer plan to cook the vegetables separately.

**Pot Roast**  
 Three pounds lean beef, 3 teaspoons salt, 1-2 teaspoon pepper, 2 tablespoons flour.

Trim fat from meat and try out in heavy aluminum or iron kettle. Strain and return 1 tablespoon melted fat to kettle. Heat and add meat. Brown on all sides, turning frequently. Care should be taken not to pierce with fork. When meat is brown all over, cover kettle closely and cook over a low fire for three hours or until meat is tender. If you have a kettle with a heavy, close-fitting cover no water should be added. But if necessary to prevent burning add about one-half cup boiling water. Sprinkle with salt and pepper when meat has been cooked about two hours. When ready to serve remove to hot platter and keep hot. Measure liquid in kettle and add enough boiling water to make 1 1/2 cups. Return to the fire and bring to the boiling point. Stir in flour stirred to a smooth paste with three tablespoons cold water. Cook, stirring constantly, for five minutes. Pour into gravy boat and serve.

Veal is delicious pot roasted this way.

## Phidian Art Club Guest Day At Hazelwood

The members of the Phidian Art Club and their guests enjoyed a delightful and unusual event on Tuesday afternoon at Hazelwood, the country home of Mrs. C. R. Walgreen, with Mrs. F. X. Newcomer the assisting hostess.

The program was given by Mr. and Mrs. Frank Dudley of Chicago and was called "Art in Painting and Song." Mr. Dudley is the Dunes artist and illustrated his talk on the making of a picture by first sketching and then painting a late summer landscape. Mrs. Dudley, accompanied by Mrs. Lewis, sang charmingly two groups of nature songs, special favorites with the listeners being "Wild Flowers," by Phillips; "The Wind in the South," by Scott, and "The Little Yellow Dog."

From a large table on the spacious porch dainty refreshments were served. Mrs. W. C. Durkes, Mrs. W. D. Hart, Mrs. George Shaw and Mrs. Lloyd Davies pouring. Roses and zinnias from the Hazelwood gardens graced the rooms, and a grate fire added cheerfulness and warmth, helping the large number of guests to forget the clouds outside.

## THE JOB'S THE THING.

Next to health, the most important thing in the world is EMPLOYMENT.

Today the 38,000,000 gainfully employed are vitally interested in the SECURITY of their jobs.

The 10,000,000 not employed are vitally interested in GETTING JOBS.

Both ask, and rightly: What does the election mean in terms of jobs? How is it going to affect me?

The answer is not difficult.

The re-election of President Hoover means that industry and business, now on the upgrade, will continue to speed up.

It means that the machinery he has set up, will continue to function with increasing efficiency.

It means SECURITY IN JOBS for the 38,000,000 who have them.

It means JOBS for those now unemployed.

It means confidence.

If, however, by any ACCIDENT, the President should be defeated, business and industry will pause to see what the new administration will do.

In the natural course of events, the Democrats cannot do anything until March 4th,—five months. The most the new President could do would be to call an extra session of Congress. Granting the Democrats greater speed, coherency and unity of purpose, than they have ever before displayed, Congress would do NOTHING FOR AT LEAST SIX MONTHS.

Meantime—  
Doubt and uncertainty.  
Cessation of the buying wave.  
Resumption of hoarding.  
Loss of jobs.  
Less hope for the unemployed.  
That is not partisanship. It is the logic of events stated in mathematical precision.

The re-election of PRESIDENT HOOVER MEANS SECURITY to those now employed. It means JOBS for the unemployed.

The election of his DEMOCRATIC OPPONENT MEANS LOSS OF JOBS to those who now have them.

It means denial of jobs to those who seek them.  
Small choice for the workman there.  
His safety lies in the re-election of President Hoover.

## "FARMING THE FARMERS."

Candidate Roosevelt has completed a grand tour of 8,000 miles through 28 states, shaking hands with the farmers, telling them of his big 500-acre farm, introducing his family all round, speaking easily of his "living on a farm for the past 50 years" and of his present "farming at a loss."

He did not display any callouses on his hands from ploughing, nor speak of his farm-work in promoting the United European Investors Corporation, or as Vice President of the Fidelity & Deposit Company. He did not wear overalls as Bryan used to do before farmer audiences.

But he sought to convey the impression he was a farmer, knew all about farming, and had a big "relief program" all ready to spring as soon as he was safely seated in the White House. That aroused Henry Field, Iowa's senatorial nominee to remark:

"The kind of farm relief he proposed may be explained by the kind of a farm he lives on. This Roosevelt farm has all the modern conveniences a New York gentleman farmer would enjoy. There was no hog lot but it has a polo ground and a tennis court. What appears to be a silo is an elevated water tower for the care of the lawn and sunken garden. What looks like a hen-house is a glass-enclosed hot-house. Not one of you farmers has a concrete swimming pool, but his farm has two."

Now comes Westmoreland Davis of Virginia, a friend of F. D. R.'s, explaining that the water tower and hot-houses were an another Roosevelt estate next adjoining; and that he has actually seen as many as "600 laying hens" on the F. D. R. farm. He also adds "farm horses, a herd of Guernsey cattle, dairy and horse barns, poultry houses, a silo filled with corn ensilage, and hogs." We thank the eye-witness.

But the question remains: What does "Farmer" Roosevelt know about farmers and the farm relief problem? Or is he just farmer enough to farm the other farmers? That's an old game—and a silly one too.

There is an old legend that I am a power in politics, that I influence votes on legislation—a curious and absurd legend totally without foundation in fact.—Alice Roosevelt Longworth.

I am the last man to plead for Germany, because she brought the terrible disaster upon herself . . . but honor demands that other nations fulfill their pledge to disarm.—David Lloyd George, war time Prime Minister of Great Britain.

(READ THE STORY, THEN COLOR THE PICTURE)

The dumbbell which was fighting stopped and to its side wee Coppy hopped. "It surely isn't fun. 'What is the argument about? Some simple little thing, no doubt. Explain it to me, dumbbell, and I'll see what can be done."

One of the dumbbell heads said, "Well, you are so kind, I'll gladly tell. I want to take a little walk, but I can't go alone."

"The other head must go with me, but it objects. That spoils it, see? Why, I have even begged it in a very friendly tone."

Then Coppy, at the other head, smiled very sweetly. Then he said, "Come on, we'll all go for a walk and see what we can see."

"I'll lead the way through trees and such. I'm sure it will not tire you much." The stubborn dumbbell head soon smiled and said, "Well, that suits me."

So, of they went. The Tinymites set out to show the dumbbell sights. The two heads got along

just fine for about an hour or so. Then Duncy said, "I'd like to see that dumbbell run. It seems to me that that would be real funny. Wonder how fast it can go?"

Both of the dumbbell heads replied, "Shucks, we can run fast, side by side. We'll race you little tinies and we'll likely beat you, too."

"Hurray!" cried Scouty. "That means fun! When I say go, we'll start to run. You'll find that you are left behind when we get through with you."

Then Scouty made his wee voice ring with "Go!" They ran like everything. The race was very thrilling. How the happy tinies flew.

The dumbbell crashed into a tree. It was a real sad sight to see. The force of running made the little dumbbell break in two.

(The dumbbell is in a terrible fix in the next story.)

## Anglo-Russ Trade

### Treaty Abrogated

London, Oct. 18 —(AP)—J. H. Thomas, Secretary for Dominions, announced in the House of Commons today that Great Britain has abrogated its commercial treaty with Soviet Russia.

Under Article 21 of the tariff agreement reached at the recent Ottawa Imperial Conference, he said, renunciation of the temporary commercial agreement with Russia was made necessary.

This agreement was signed in April, 1930. It gave Russia the privileges of most-favored-nation treatment and therefore, Thomas explained, it stands in the way of trade prohibitions which might be necessitated by the obligations undertaken at Ottawa.

In notifying the Russian Charge d'Affaires here that Great Britain is serving six months notice of abrogation in accordance with the pact, the Soviet authorities were informed that Great Britain is still anxious to increase its trade with Russia and is ready to enter discussions with that object in view at the earliest possible time.

## Young Republicans

### At Champaign Rally

Champaign, Ill., Oct. 18 —(AP)—Arrangements were being completed here today for the first rally of the Illinois state young Republican organization to be held in Champaign Thursday afternoon and night.

An announcement from the Republican National Headquarters in Chicago listed the following among speakers for the rally: Frank L. Smith, Illinois National Committeeman; George Olmstead, National Director of the Young Republicans; Park Livingston, state chairman of the First Voters organization; Miss Jean Summers, National Secretary of the Young Republicans; John Northup, Republican candidate for Attorney General; State Senator Harry G. Wright, Republican candidate for State Auditor; and Mrs. Andrew Sandegren, state young women's chairman.

A parade through Champaign and Urbana streets at 5 P. M., and a dance at 10 P. M., were on the program.

# Are You Ready to Go?

## We've all been in the "dumps."

We've had an exaggerated case of the "blues."

We've neglected our appearance.

We've let our shoes run over at the heels.

We've sacrificed Quality for the sake of a few pennies saving.

We've taken the attitude that anything to put on our backs was good enough.

We've forgotten that our personal appearance is one of our most valuable assets.

That it's just plain good business to be well dressed—

That it gets us in front offices—

That it sets an example for employees—

That it impresses the boss.

All right then —We are facing the most vital turning point of our respective careers.

Business is girding its loins, sharpening its spikes, warming up on the side lines.

New business will be created, new leaders established, new fortunes made.

And who will be those leaders of 1933 and 1934?

That's easy!

## COOK COUNTY'S DEFAULTED DEBT IS \$370,000,000

### Proposals Made Down State Assume Some Of Cook Debts

Defaulted obligations of the governmental agencies in Cook County had reached the staggering sum of \$334,014,761.40 on September 6, 1932. These figures are contained in a resolution adopted by the Board of Commissioners of Cook County copies of which were sent to the General Assembly of the State of Illinois for the purpose of urging the Legislature to pass a special session to pass a law for raising additional revenue. The figures above represent only the amounts in default in Cook County. In addition to this indebtedness are the outstanding bonds issued by the City of Chicago, the schools, the Sanitary District, Cook County, and other governmental bodies.

**Owes One-Third of Billion**  
Cook County's one-third of a billion dollars in default consists, according to the statement of the county commissioners, of \$196,118,522.23 of outstanding anticipation tax warrants, \$89,645,678.95 of unpaid bills, \$36,347,118.82 of unpaid salaries and a total of \$11,093,107.40 of defaulted principal and interest on bonds of the Cook County Board of Commissioners which corresponds to the Board of Supervisors in downstate counties. In their resolution, give in detail the various items making up the total obligations enumerated.

To make matters worse Cook County owed on September 6, 1932, a total of \$36,000,000 to the State of Illinois for delinquent state taxes from 1928 to the present time and this amount is not included in the statement of the Cook County Board. If it were included the total amount of debts in default in Cook County would be increased to more than \$370,000,000.

Failure of Cook County to pay these taxes has crippled the functions of the Illinois state government and is proving costly to downstate counties which have to pay regularly. Because of Cook County's failure to pay taxes it has been necessary for the state officials to borrow \$11,000,000 on anticipation tax warrants and this money has been taken from the state highway funds. Had Chicago paid its taxes the same as downstate, these borrowings would not have been necessary and besides employment could have been given to thousands of additional men the present season in highway construction.

**Relief Bills Expensive**  
In addition to the \$370,000,000 in defaulted obligations in Cook County the state legislature at the request of the Chicago committee appointed by Mayor Cermak raised \$18,750,000 by the sale of anticipation tax warrants for the purpose of providing for the unemployed and needy of the state. Of this sum which was obtained on state credit, 94 per cent has been used in Cook County and only 6 per cent downstate and unless the \$20,000,000 bond issue bill carries in November election, the entire amount of the \$18,750,000 will be added to the tax levy next year, nearly doubling the state tax on this one item. Fifty-seven counties of the state which did not receive any of the money, will be required to pay their full share although Cook County received nearly all of the funds. The indications are that the bond issue will not carry because the Chicago newspapers and the Chicago committee are in favor of carrying on a campaign in its favor or as promised the Legislature by the Cermak committee. Even Judge Horner and his slate candidates on the Cermak state ticket have made no mention of the proposed bond issue except in a few towns where they have been severely criticized for their failure to keep their promises. Doubling of the tax next year will be an inevitable result.

**State's Credit Used**  
In addition to state relief funds the state has borrowed \$9,000,000 from the Federal government for state relief purposes and likewise 94 per cent of the money has been sent in Chicago and only 6 per cent downstate. This obligation the state must pay the entire amount with 3 per cent interest. Chicago will receive another advantage at the expense of downstate as a result of the recent announcement by J. L. Jacobs, county assessor that real estate valuations are to be reduced 28 per cent and this is to apply to the tax bills for 1931 which have already been paid in downstate counties although no attempt will be made to collect the taxes for 1931 in Cook County until some time after next March. As a result of this reduction in Cook County valuations, the state will receive less state tax for 1931 than had been anticipated by the state officers although the downstate taxpayers have paid their full quota. When these items summed up, it appears certain that the state taxes for next year in Illinois will be more than doubled.

**Sales Tax Recommended**  
After outlining in detail the desperate situation which prevails in Cook County, the resolution which was introduced by Commissioner Walter J. LeBay and adopted by the board, concludes with the recommendation to amend the revenue laws by levying a sales tax on commodities that are purchased by the public. This additional tax would apply to the entire State of Illinois and in effect would result in downstate being required to pay more taxes, the objective being to try to restore the financial credit of Cook County because the people in Cook County have not paid their own taxes. Cook County real estate upon which taxes are already delinquent would be further relieved by the enactment of a sales tax. It is stated in the resolution. The additional tax, the resolution says is necessary because "Chaos exists in the matter of collection of taxes in Cook County. The delinquency in tax payments is increasing yearly; 17 per cent of the 1928 taxes are uncollected, 31

## Resolutions

### Be It Resolved:

That we express our appreciation of the Sterling Association of Commerce for providing this comfortable, commodious and convenient room in which to house this fourth annual meeting of the Rock River Division of the Illinois State Teachers' Association; also to the President of this Association and to the Executive Committee for their efforts in so organizing the activities of the day as to guarantee to every member present a rich return on every minute invested.

That we recommend to the Executive Committee the selection of an annual meeting place which is centrally located and provided with facilities sufficient to accommodate the members of the division in comfort.

That the Rock River Division appropriate the sum of one hundred thousand dollars (\$100,000) to the Northern Illinois Conference on Saturday afternoon to be used in research work on the problem of grade placement in arithmetic.

That the Association requests a continuation of the work already begun on the determination of a correct and uniform method of computing the tuition of non-high school pupils and that the matter be brought, if possible, before the Illinois State Teachers' Association at the time of its annual meeting in December.

That the data which has been collected by the committee on public school accounting be sent to the secretary of the State Teachers' Association and that he be instructed to make recommendations to the State Superintendent of Public Instruction.

That the members of our Association shall make a special effort to perpetuate the ideals upon which our American democracy was founded; that an equally earnest endeavor shall be directed toward the development of an appreciation of the services now rendered by our government; and that every child shall be taught to look with suspicion upon any proposed change in our present form of government to be brought about by any method other than that provided by the Federal Constitution.

That the Association commend the admirable spirit displayed by faithful teachers in various communities throughout the State who have continued to render valuable service even when cut from the financial support of the communities directly benefitted. However, we feel that no community has a right to expect educational service without making proper provision for a fair monetary recompense to be made in return for such service.

That the minimum essentials of education which are the inherent right of childhood should be determined by professionally trained educators and that the legally constituted taxing bodies should feel the obligations of providing the funds by which these minimum essentials may become permanently available to all children.

That these resolutions be incorporated in the records of the Association and that copies thereof be furnished to the press of the Counties represented.

**Respectfully submitted,**  
Committee on Resolutions  
O. A. Fackler, Chairman  
R. A. Lease  
A. H. Lancaster.

per cent of the 1929 taxes have not been paid and only 53 per cent of the 1930 taxes have been received, leaving a balance of uncollected taxes due the State and the local governments for the three year period, \$254,331,760.76. In addition the entire tax levy for 1931 has not been spread and is therefore uncollected. It will be sometime late next year before the assessment for 1932, already completed downstate, will be commenced in Chicago.

**Cermak to Seek Loan**  
The legislature has given indications that it will not pass the sales tax bill or any other measure calculated to raise money statewide for use in Chicago, or to transfer Chicago's financial obligations to downstate in which event the Cermak committee announces it will make another drive to induce the Reconstruction Finance Corporation to loan more money to the State of Illinois to use in Chicago. The Cermak committee wants \$17,000,000 for use in Chicago from October 1 to January 1 and also wants the state to make total borrowings of \$45,000,000 from the Reconstruction Finance Corporation practically all of which would be used in Chicago and be an obligation against the state.

**STOMACH UPSET**  
Get at the real cause. That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards Olive Tablets help arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, people rarely suffer from indigestion and stomach troubles.

Have you a bad taste coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Try Olive Tablets, the substitute for calomel.

Dr. Edwards Olive Tablets are a purely vegetable compound. Know them by their olive color. They do the work without gripping, cramps or pain. At druggists, 15c, 30c and 60c. Take one or two at bedtime for quick relief. Eat what you like.

**Music Club**  
A series of concerts will be given

on this school year by students or townspeople and will be sponsored by the High School Music Department. These concerts will be for the public, and will benefit not only students and performers, but the audience and community as well. The music presented will be high-class.

The economical and financial situation today presents a rather complex picture. As has been stated a number of times before, educational systems must change to meet this crisis, and change in such a way that the pupils in our public schools be trained to use leisure time. A person is happiest when busy, or occupied, and more so if that activity includes at the same time the mental, emotional, physical, social and spiritual side of life. We will all agree that this is true. Music is one of the few activities which develops all four phases of our life and constantly builds higher ideals—that is towards the purest art known, and furnishes activity which is enjoyed by all the world over.

All cannot attain the same degree of musicianship, nor in the same field. However, some like to sing, others would rather play an instrument—whatever the field of music, it is extremely profitable and worthwhile.

The school youngster has much to learn before he can appreciate the music of the Master, but of the various methods which might be suggested, we should like to say that concerts presented by the students of the various schools hold the greatest promise. It seems, this is more permanently good for the majority of students than the contest, however beneficial this may be to the few who may participate in it. The children are always appreciative of something they can do, see or hear being done. We give them music which they can do for themselves, which will be the very best kind of music, and in this way arouse an enthusiasm for educational music.

In Saturday's Evening Telegraph we shall attempt to give a short definition of what is meant by "good music," and reasons why good music should predominate more today than ever before in our lives.

**A BOOK A DAY**  
SITTING BULL IS GIVEN HIS DUES AS REAL LEADER  
A great warrior and an admirable statesman gets his just due in "Sitting Bull," by Stanley Vestal, and I am glad to recommend the book to you as one of the most interesting biographies of the year.

Mr. Vestal went to what must have been a terrific amount of work to get the real facts on the life of the famous Sioux chief. He sets forth here his findings, and they are worth reading.

Sitting Bull, he insists, was not mere "medicine man." He was a real tribal chief—the most able and influential man the plains Indians produced in their final struggle for independence.

He won his position through great personal bravery, high ability as a hand-to-hand fighter and as a military strategist, constant solicitude for the welfare of his people and an unquestioned personal integrity.

The battle which wiped out Custer's command was Sitting Bull's battle, and the fact that Major Reno's troops were not annihilated was due solely to Sitting Bull's wish to let the invaders go in peace.

Mr. Vestal has drawn a fine three-dimensional picture of Sitting Bull and has given a truly excellent picture of Indian life. Incidentally, he has made it clear that the American government's policy toward the Sioux was one of the darkest chapters in our history. Sitting Bull was a tragic figure and, withal, a genuine great American.

## LOUD SPEAKERS TO BE TRIED AT FOOTBALL GAME

Illuminated Field For Dixon High Games Also Talked

The importance of athletics in high and grade schools of Dixon is being emphasized by a group of citizens who are planning to have a football game at the Dixon High School on Saturday night. The group, which includes C. Bowers, Director of Athletics in the Dixon schools, in an address before the Dixon Kiwanis club at noon Tuesday. The interest shown by the Kiwanians developed a question box which brought forth much valuable information and which may be the result of stimulating interest in school athletic activities in the near future. It was suggested that a system of loud speakers should be installed in the high school athletic field which could be used to describe football plays and players and at intervals during the progress of the game, to announce the results of major college games throughout the country. Members of the Kiwanis club were planning or a trial of such a system at Saturday's game between Sterling and Dixon.

Another important suggestion was the plan for illuminating the athletic field with a powerful lighting system, which would make possible the playing of football at night. It was pointed out that this would stimulate attendance and interest by business men and citizens throughout the football season.

### Favors Night Games

Director Bowers told the Kiwanians that he favored such a plan, but that finances at the present time stood in the way of the installation of such a system by the school board. He suggested the possibility of such a program, stating that not only could football be played under flood lights, but that by flooding the field during the winter time ice derbies could provide entertainment throughout the cold months. Proper and efficient organization in the athletic program of the high and grade schools develops many essentials which lead to good citizenship, the speaker said. Physical skill during leisure hours for the students when not in school were advocated. Director Bowers pointed out that few students have been actively engaged in either football or basketball, and that to follow those sports. He called attention to the addition of golf and tennis in the program of the local high school.

### Sportsmanship Board

He explained the organization of a board of sportsmanship in the local high school this year which has among its purposes, playing fair, not quitting, keeping their heads, holding temper, obeying orders and rules of coaches, not neglecting studies, support of teams, respect to officials, congratulating the winners and modest when winning. He explained the development of basketball in the grade schools of the city, including the St. Mary's parochial school and the inter-class contests which begin October 8 and continue through the school season until March 25. Charles Roundy, instructor in manual training in the grade schools, is heading this work and has made excellent progress in the development of material in basketball and track. The development of the intra-mural or "Nut League" basketball teams was also explained, and proved very interesting to the listeners.

Athletics' Great Slugger Accorded Honor By B. B. Writers

New York, Oct. 19.—(AP)—A committee of the Baseball Writers Association of America has designated Jimmie Foxx of the Athletics as the American League's most valuable player in 1932, thereby turning this year's major league selections into an all-Philadelphia affair.

Foxx pulled a total of 75 points out of a possible 80 to win the American League award by a decisive margin from Lou Gehrig of the Yankees who received 55 points. Chuck Klein of the Phillies was announced as the committee's choice as the National League's most valuable player, beating out Lonnie Warneke of the Cubs and Frank O'Doul of the Dodgers. Announcement of both winners was made by J. Roy Stockton of St. Louis, chairman of the selection committee in each league.

Foxx's winning total was made up of five first choices, one second and two thirds. Gehrig was picked for second place by a 14 point margin over Heinie Manush of the Senators with Earl Averill of the Indians fourth with 37. Lefty Gomez fifth with 27 and the mighty Babe Ruth, Yankees, and Joe Cronin, Senators, tied for sixth with 26.

### His Best Season

Foxx enjoyed his most spectacular season in the campaign just closed. He was nosed out for the league batting championship in the closing days of the season by Dale Alexander of the Red Sox, but clouted 58 home runs, only three below Ruth's all-time record led both leagues in runs batted in with 167 and compiled a batting average of .364.

The complete results of the American League balloting, scoring ten points for first, nine for second etc., follow: Foxx, Athletics, 75; Gehrig, New York, 55; Manush, Senators, 41; Averill, Indians, 37; Gomez, Yankees, 27; Ruth, Yankees, and Cronin, Senators, 26; Lazzeri, Yankees, 2; Simmons, Athletics, and Gehrig, Tigers, 13; Alexander, Red Sox, and Cissell, Indians, 10; Ferrey, Browns, 9; Grove, Athletics, Allen and Dickey, Yanks, 8; Goslin, Browns, 7; Weaver, Senators, 6; Davis, Tigers, Harris, Senators, W. Ferrell, Indians, Levey, Browns, and Lyons, White Sox, 5; Sullivan, White Sox, McNair, Athletics, and Jolley, Red Sox, 3; Crowder, Senators and McManus, Red Sox, 2; Walker, Tigers and J. Sewell, Yankees, 1.

### Winners In Past

Members of the American League selection committee, in addition to Stockton, were: Melville E. Webb, Boston; Irving Vaughan, Chicago; Ed Bang, Cleveland; H. G. Salsinger, Detroit; William J. Slocum, New York; James C. Isaminger, Philadelphia; J. Edward Wray, St. Louis; and Frank A. Young, Washington.

Players who have won the American League most valuable player contest since 1922, including the official awards up to 1928 and those of the baseball writers' association since then, follow: 1922, George Sisler, St. Louis; 1923, Babe Ruth, New York; 1924, Walter Johnson, Washington; 1925, Roger Peckinpaugh, Washington; 1926, George Burns, Cleveland; 1927, Lou Gehrig, New York; 1928, Mickey Cochrane, Philadelphia; 1929, Lew Fonseca, Cleveland; 1930, Joe Cronin, Washington; 1931, Lefty Grove, Philadelphia.

### ASK COOLIDGE TO SPEAK

New York, Oct. 18.—(AP)—Officials of the Republican National Committee announced today they have asked former President Calvin Coolidge to make two more addresses in support of President Hoover's campaign for re-election. One of the speeches would be delivered in Chicago on a date as yet undetermined and the other would be a last minute radio appeal to close the campaign. George Akerson, director of publicity for the committee, said no reply had been received.

## THREE TEAMS IN TIE FOR TOP IN BOWLING LEAGUE

Some Good Scores Are Recorded In First Games Of Season

The Rogers Printing Co. quintet defeated the Walnut Grove Products team two out of three games in their initial contest staged at the Recreation alleys Tuesday evening, placing the former in a tie with the Belier's Loafers and the Better Paint Store for first place in team standings. The Rogers spilled 2606 pins for their series, which is high for the first week. Oliver Rogers, Jr. rolled high single game for this match with a count of 213, totaling 584 for series and finishing the first week in second place in individual averages with 194.2. Edward Worley collected a series of 604 which was high and is now leading the City League Average race with 201.1. John Smith of the Walnut Grove Pro Team totaled 542 the first week and is now in fourth position in the individual average standings with 160.2.

The Rogers Printing Co. is also possessor of high team single game for the league so far with a team count of 929.

The Better Paint Store stored away two wins for themselves by taking the Dixon Elks for a short ride, which ended in a blowout for the Painters, losing the last game by 37 pins. Higgs of the Better Paint Store topped 217 pins his last game to top single game honors, while Walter Fallstrom contributed nicely to the Elks' win by rolling 213 his last game and getting high series for the match with 545. Fallstrom also holds third place in the individual average race with 181.2. The Painters are now in a tie for first place in team standings with the Rogers Printing Co. team and Belier's Loafers. Belier's Loafers landed a double win over the Vaile & O'Malley Squad by rolling totals of 845 and 816 758 against 824 and 804 for the Vaile & O'Malley team. Team totals for Belier's Loafers 2419, for the Vaile & O'Malley team 2432.

John Shaulis proved an able substitute for the Belier team rolling a neat series of 611 with counts of 201 210 200, the 210 count winning high single game honors also.

Lloyd Duffy, member of the Vaile & O'Malley team totaled 534 the first week to clinch fifth place in individual standings. Duffy's average is 178 for the first three games rolled. LaSalle K. C. vs Dixon Recreation Match Game

The LaSalle Knights of Columbus bowling team motored to Dixon Saturday night and succeeded in edging out the local Recreation by a 22 pin majority. The LaSalle team totaled 867 against 835 for the Recreation. The first encounter, coming back with 934 the second game to gain an additional 34 pins bringing their lead up to 66 pins at the end of the second game. The locals displayed that never die spirit the last game but could not quite make the grade losing the match by a 22 pin deficit.

The locals are booked at the K. Alleys in LaSalle a week from Friday night at 8:00 P. M. John Lange secured high series with a total of 620, while P. Jeruc of LaSalle landed high single count with 221 his second game.

## JUNIOR LEAGUE MAY BAR RADIO REPORTS IN '33

## President Reports A Growing Sentiment Against Practice

Chicago, Oct. 19.—(AP)—Banning the radio from the American League baseball parks next season will come up for serious consideration at the annual meeting in December, President William Harbridge indicated today. There is a growing sentiment, President Harbridge said, against the broadcasting of baseball games. The eastern half of the league is solidly opposed to the radio, three of the clubs—Philadelphia, New York and Washington—even forbid telegraphic reports to be filed out of the park for broadcasting purposes.

"I cannot forecast how the club owners will vote," President Harbridge said, "but it would not surprise me if all the clubs voted to throw the broadcasters out."

The decisions of the major leagues to extend the 1933 season a week longer means that the world series will start about Oct. 4 with the regular season concluding on Oct. 1. This fall the first game of the world series was played on Sept. 28. The 1933 races will probably open on April 12. This inaugural game falls on Wednesday, whereas Tuesday has been the customary day for blasting the baseball season open.

### IS MONEY AHEAD

Minneapolis, Oct. 18.—(AP)—Mrs. Ralph Lemmers could pay \$94 for her dream today and still be \$1 ahead. She awoke from a vivid dream that if she would rip the lining from a particular spot in a suit of second hand clothes purchased by her son for \$1, she would find money.

At 3 A. M. she arose and ripped the lining. There was a purse containing \$95.

In this week's schedule of the N. C. I. C. the 1932 winner may be uncovered. Dixon plays Sterling here, Mendota meets its fourth league opponent at DeKalb while Rochelle travels to Belvidere. This is the first week-end in which the six members see action with league foes.

Dixon will be out for victory No. 10 in succession. Starting in 1931 Belvidere and Sterling have succumbed twice while DeKalb, Rochelle, Mendota, Amboy and Savannah have fallen once. In attempting a defense of this record Dixon is confronted with another of Ted Scheid's strong Sterling elevens. Thursday's practice is for 2:00 P. M.

Sterling set the loop afire last Saturday by whipping a supposedly powerful Belvidere team by a 33-0 score. In accomplishing this slaughter Sterling displayed form in all departments with a smooth-working backfield behind a heavy line.

The last time Dixon was defeated was on Thanksgiving Day in 1930 when Sterling upset all the dope with a 2-0 win. Dixon evened up in '31 by taking both engagements 21-0 and 19-0.

Dixon, 0; Sterling, 0

Continuing the Tuesday afternoon series Dixon and Sterling had two games on the local field yesterday.

## Hooks and Slides

By WILLIAM BRAUCHER

Amos Alonzo Stagg's successor as director of athletics at the University of Chicago is not exactly a "chicken" at the coaching game himself. Oberlin men will tell you something about that. Oberlin men also will tell you that his name may be officially Thomas Nelson Metcalf, but that they always knew him as "Nellie."

Nellie was quite an end at Oberlin in the year preceding his graduation in 1912 (an A. B. degree). For two years after his graduation he coached football and track at his alma mater, and his 1912 team was Ohio champion. Now that's 20 years ago, so it is not hard to figure that Metcalf has had plenty of experience.

### REVENGE ON STATE—

In 1915 he went to Columbia as a graduate student of educational psychology. And coached the football team. Meanwhile his old school fell upon evil days.

In 1916, the prospects were bright for a winning football team at Oberlin. It was discovered before the season opened, however that most of the members of the squad, at least the stars, were members of sub rosa fraternities, and fraternities were forbidden.

So President Henry Churchill King didn't do a thing but fire between 25 and 30 young men right out of the school, and most of these happened to be football stars.

When Nellie Metcalf read about that at Columbia he was very sad. He was sadder still a short time later when Ohio State, taking advantage of the situation, avenged some ancient football wrongs to

terday. Both the featherweight and fleaweight battles ended in 0-0 ties. Records of the feathers stand at four ties; each fleaweight team has a win while two resulted in ties. Dixon goes to Sterling next Tuesday.

The Dixon outfit is coached by Bert Talty, member of last year's North Central champions, and Roy Flamingam, four year letter man at the local school.

the tune of 128 to 0. Nellie said to himself: "Some day we may be able to do something about that!"

### DOES SOMETHING—

Metcalf returned to Oberlin in 1918 as coach and acting director of physical education. The material picked up suddenly. By 1921 Nellie had a "crackerjack" team on the field—and a game with Ohio State. Oberlin's team was fast, but light, and was the underdog in the waging.

It appeared Oberlin was in for another drubbing, however, when the first half ended with the score 6 to 0 favoring Ohio State. But Metcalf's "educational psychology" administered to the squad between the halves had an electrical effect, and it was a dynamic machine, rather than a football team, that came out to fight Ohio in the third period.

That team marched down the field for a touchdown, kicked goal and went home with a 7 to 6 victory over Ohio State to its credit. That year anybody on the campus would have jumped off the end of the earth for Nellie.

### REWARDS SCRUB—

At the football banquet, when he was handing out the sweaters bearing their proud "O" to the members of the team, one sweater was left over after all those who earned their monograms had received the awards.

"This sweater," said Nellie, "is for a man who hasn't played a game for Oberlin. But he has done more. For three years he has been a scrub, and has faithfully taken the abuse and suffered the hardships a scrub must take."

And did the boys whoop it up for Nellie then!

### NOT "SOLITAIRE"

Memphis, Tenn.—Solitaire, as you probably know, is an old card game played by one person who has a lot of time on his hands to thought he would have a little game to pass away the time. He got out the cards and started. But he found he wasn't playing solitaire at all. A Negro suddenly showed up, held a knife in his ribs and took his money.

## PURDUE COACH HOPES YARDAGE WILL GET SCORE

### Boilermakers Have Not Made Their Gains Get Results

By WILLIAM WEEKS  
Associated Press Sport Writer  
Chicago, Oct. 19.—(AP)—If Purdue's running attack is to get maximum results from its yardage, Coach Noble Kizer hopes he will get them Saturday against Northwestern.

The Boilermakers outgained Minnesota and Wisconsin by from here to there in their first two conference games, but the results amounted to just two touchdowns, one in each contest. They won both games, beating the Gophers 7 to 0, and Wisconsin, 7 to 6, but potential touchdowns failed to materialize in both games.

At the rate Northwestern went against Illinois and has been going in practice this week, one lone touchdown probably will not be enough to win, and Kizer is giving his quarterbacks, Paul Patterson and Jimmy Peele, a lot of instruction in what to do when near the enemy goal line. Northwestern will have nothing new in the way of offense Saturday. Coach Dick Hanley preferring to polish up what the Wildcats have, while spending a lot of time in improving the defense.

Michigan's lineup may be more than a little altered against Illinois. Coach Harry Kipke yesterday moved Ted Petrosky from end to fullback and shifted Jack Regezel from full to half, trying to fill the spot left by injuries to Jack Heston and Stanley Fay. Rod Cox probably will start at Petrosky's end, if the change becomes permanent.

The Illini also have seen some changes, with Bob Zupke hunting for more speed throughout, and there has been no indication as to who will be in his starting backfield Saturday. Chicago must do without Elmore Patterson, guard and Pat Page, Jr., fullback, against Indiana. Both suffered injuries last Saturday and neither will be fit for duty against the husky Hoosiers. Indiana successfully coped with Chicago plays yesterday and probably will concentrate on offense the rest of the week.

**Vets On Sidelines**  
Veteran regulars of Minnesota and Wisconsin may find themselves on the sidelines this week end. Coach Spears at Wisconsin, sent Captain Greg Kabat, Buckets Goldenberg and Harvey Kranhold, all linemen, to the second team, because of indifferent performance. Jack Manders, Minnesota fullback, also took a turn with the second team, but showed some of his 1931 form when given another chance by Bernie Bierman yesterday.

Law, already out of the race, was given a long, hard scrimmage yesterday. Coach Ossie Solem still hoping to stir his heavy material up enough to surprise Minnesota Saturday. With Carl Cramer ailing, Marshall Oliphant probably will be at quarter back for Ohio State when the Buckeyes meet Pittsburgh.

**CHANGES TACTICS**  
Minneapolis, Oct. 19.—(AP)—Bernie Bierman has done a Dr. Jekyll and Mr. Hyde act in his handling of the Gopher football team at the University of Minnesota.

His direction of the squad during the first practice sessions following the Nebraska game indicated to sideline observers the gridiron chief has changed his ideas a bit in supervising the eleven's destinies in the Big Ten.

At Tulane, where he gained national recognition for the teams he turned out, Bierman was the easy going, soft spoken type of mentor; now he has shown a big harsher demeanor, a scathing tongue and the Gophers like it. It has brought results.

The Gopher coach tried his Tulane way here at the outset and Minnesota played only mediocre, and sometimes poor, football in both Purdue and Nebraska games, losing the first and winning the second, the latter by a 7 to 6 score.

**Thrive On Roughness**  
The boys had little scrimmage then but they are making up for it now. Whether Bierman has convinced himself the material in the north is more stolid and less emotional than that of the south, he declined to reveal, but he apparently has decided the Minnesota squad needs, thrives on and can stand more scrimmage and roughness.

He tried it out and the varsity showed more pep, zip and ability, than it has since the season opened. Big Jack Manders, fullback whose work has been something of a disappointment to Gopher fans, displayed the ability he was noted for last year after being jerked from the first string and subjected to a tongue lashing by a new Bierman.

The more the squad knocked each other about the better the team looked to observers at the practice and Bierman apparently has definitely committed himself to the change in training for the same schedule was on tap today—more work, rough contact, and driving.

**Transient Paupers  
To County Homes**  
Springfield, Ill., Oct. 19.—(AP)—Transient paupers should be turned over to the county home if one is maintained by the county. Attorney General Oscar Cartmorton today advised State Attorney Robert H. Humphrey of Lincoln. Where there is no county home, he said, relief should be administered until such a time as the actual residence of the dependent can be ascertained.

## Herald From Headquarters Of Herbert Hoover

Chicago, Oct. 19.—Who wants a new deal from the same old Democratic "deck"?

Down around Albia, Iowa, the farmers are telling a story about two Democrats who paid a visit to the insane asylum in search for votes. A guard heard part of their conversation and rushed to the superintendent's office.

"Sir," he reported, "I believe those visitors better be locked up themselves."

"Why so?"  
"Well, one claims to be Napoleon, and the other says Roosevelt is going to save the farmers."

Here's some good news for the dairy country. The Hawley-Smoot tariff, which Roosevelt tried to tell western farmers was a "ghastly jest," has resulted in a reduction in the annual importation of cream from 3,996,000 gallons to 461,000 gallons. That's a jest, all right, but the joke is on the foreign dairymen who no longer can cut into the domestic market, which the Republican party reserves for American farmers.

Michigan, Indiana and Ohio onion growers are laughing over another jest from the Hawley-Smoot act. Under the 1922 tariff act annual importations of onions averaged 101,369,000 pounds. The protective tariff in the Hawley-Smoot law cut that down to an average of 25,042,000 pounds. Apparently the Democratic nominee uses onions only to manufacture tears of synthetic sympathy for the farmers.

Another good joke, which he probably will be glad to hear, is on the foreign growers of flax who formerly had a good market in the American paint industry, large users of linseed oil. Before the Hawley-Smoot act became law, average annual importations of linseed oil were 13,087,000 pounds. Under the present Republican tariff act, with its flexible feature which enables the administration to meet changing conditions in foreign lands with adequate protection for the American farmer and laborer, the linseed oil imports have dropped to an average of only 142,000 pounds. A market for nearly thirteen million pounds of American made linseed oil extracted from American grown flax is thus safeguarded. The flax grower and the workers in the extracting plants where the oil is made are both thus protected in their jobs.

## U. S. Lends \$13,000,000 for Mississippi Bridge

A \$13,000,000 loan from the Reconstruction Finance Corporation has made it possible for work on the new Mississippi river highway and railroad bridge near New Orleans to be started next month. More than 4000 men will be employed on it for two years. The bridge will be built at Harahan, only nine miles above the business section of New Orleans, and will serve as a main railway artery between cities on both sides of the river. Two railroad tracks and two roads will be carried by it. The huge masonry piers shown in the architect's sketch, above, will tower 315 feet above the river and extend 170 feet under the low-water level. Louisiana gasoline tax receipts will be used to pay off the loan.

## Daily Health Talk

**HEMORRHOIDS**  
Hemorrhoids from a pathologic viewpoint represent varicose veins in the region of the rectum. They are, in a sense, part of the price man pays for having assumed the upright position.

Normally, the anal plexus of veins—that is, the collection of veins is located in the region of the rectum—is called upon to support a considerable column of blood.

Given this condition, plus a constitutional peculiarity—namely, a weakness in the vein walls—we have a marked predisposition to the development of hemorrhoids.

That hemorrhoids are a common complaint has been established by a number of studies.

In not all instances, however, do hemorrhoids cause the same degree of discomfort. In the mild form they may bother one little and rarely.

On the other hand, hemorrhoids may cause profound anemia as well as marked mental depression.

Women appear to be more subject to hemorrhoids than are men. In part, this may be related to childbirth.

Constipation is considered by some to be a contributing factor in the development of hemorrhoids. On the other hand, it has been strongly urged that not constipation but the habitual use of cathartics, enemas and irrigations constitute a more important causative factor in the development of hemorrhoids.

There are two varieties of hemorrhoids as far as anatomic location is concerned—the so-called external hemorrhoids and the internal hemorrhoids.

These are external or internal relative to the round constricting muscle which is found at the end of the rectum, the so-called anal sphincter.

Hemorrhoids are subject to a variety of complications. They may become thrombosed, blood clots forming within them. They may become seriously infected. They may prolapse—that is, they may protrude beyond the anus.

## Grins From The Gridiron

By O. W. "RED" SEVERENCE  
Written For The Associated Press

Clever coaches often break the tension of nervous football teams before a big game by resorting to comedy relief.

But the great St. Mary's team of 1931 that defeated Southern California under the leadership of Coach Madigan, turned the tables on Coach "slip" Madigan before one of their big games by using this very system of psychological diversity.

St. Mary's was facing Southern Methodist university of Texas, one of the two major undefeated teams, and 60,000 fans were jammed in the Oakland, Calif., stadium awaiting the kickoff.

Coach Madigan, tied up at the college with last minute details, sent the team ahead to the stadium in charge of "Toby" Hunt, St. Mary's Captain.

A new gatekeeper greeted the squad with outstretched hands, but mistook Toby for the coach.

"How do you do, Coach Madigan," he said, "Will there be any more of your team coming through this gate?"

Toby, seizing his opportunity, solemnly assured the gatekeeper the whole squad was present and advised him to admit no one from St. Mary's without a ticket. Meanwhile, Madigan finally arrived breathlessly at the stadium, only to find a determined gate keeper blocking his way.

Indignant protests brought the response, "I'm on to you. Coach Madigan went in here more than 30 minutes ago."

Seeing that further argument was futile, "Slip" dashed over to the nearest ticket office and found the only seats available were in the \$5.00 section. He bought one.

"On my way to the dressing room," Coach Madigan said, "I suddenly realized my boys had played a joke on me. After having a good laugh which relieved me of my intense nervousness, I found myself relaxed and capable of giving the necessary instructions before sending my team on the field."

## Sidelights In News In Capital Of United States

By HERBERT PLUMMER

Washington.—One of the most alert participants in this presidential campaign, though he keeps almost entirely in the background and makes no speeches is the slender, dark complexioned man whose job is to keep President Hoover fit physically.

His name is Captain Joel T. Boone, the White House physician. "Captain Boone," as he is known around the White House, lost no time in bandaging the President's hand after the reception to the judiciary on the eve of Mr. Hoover's departure for Cleveland to make a speech.

Thousands shaking the President's hand could it to swell. Someone wearing a heavy ring inflicted a cut. It was up to Dr. Boone to see that the presidential hand was in shape before the Cleveland trip. There would be more handshaking out there.

**HE GOES WITH HOOVER—**  
Mr. Hoover didn't even forego his daily medicine ball session the following morning despite his bruise. The "Cap'n" can be a task master when he chooses, and the President obeys.

The doctor always is a part of the presidential entourage. Seldom is he far removed from the President.

Boone is a navy doctor. It is a matter of pride to him and to his branch of the service that the navy has provided most of the presidential physicians. Since the days of "T. R." in the White House the navy has been entrusted the greater part of the time with carrying for the health of the Chief Executive.

**LITTLE WORK—**  
As President Hoover's physician his work has been rather light. The President has enjoyed unusually good health during his tenure of the White House. At present he is said to be in excellent physical condition, capable of standing any strain his campaign demands of him.

Actually, not since Woodrow Wilson was a President been ill enough to require the constant attention of a physician. Harding, though he died in office, did so suddenly. Coolidge told his physician when he entered the White House: "I am never ill" and he proved it.

But "Cap'n" Boone keeps a very sharp lookout, nevertheless.

## Brief Summary of Last Night's News

ILLINOIS—

By The Associated Press  
Jacksonville—Gov. Louis L. Emerson, Past Grand Master of the Masonic Lodge in Illinois, and G. H. Stevens, Decatur, present Grand Master, attended the laying of the corner stone for the new Masonic Temple here.

Chicago.—Mrs. Malcolm Jennings the former Marcia Masters, eldest daughter of Edgar Lee Masters, author of Spoon River Anthology and other poems, has been granted her second divorce from Jennings. They were first married in July, 1930; divorced in December of same year, and remarried the following January. She charged cruelty and was awarded alimony and the custody of an infant daughter.

Chicago.—Five robbers obtained \$1,500 in company funds and additional sums from customers when they held up the United Wholesale Grocery Co.

Springfield.—Gov. Louis L. Emerson has signed two bills providing for the diversion of the counties share of the gas tax from road building to unemployment relief. The bills were passed by the legislature last week. One bill authorized the diversion, at the instance of county boards, until July 1, 1933, and the other provided for a monthly distribution of the gas tax to counties rather than the present semi-annual distribution.

Olney.—Louis Gassman, Sergt. of the Illinois Highway Police, has disclosed that he was slightly wounded while on duty in Taylorville last Friday. A bullet accidentally fired, he said, by a National Guardsman ricocheted and hit him, causing a flesh wound.

East Hannibal.—George Bowers, a constable at Hannibal, Mo., was seriously injured when his auto crashed into a freight train at a crossing near here.

**Left-Handed Wrench  
Has Been Invented**  
Minneapolis, Oct. 18.—(AP)—Life now promises to be a trifle easier, for the left-handed monkey wrench has been invented to fill an aching void in the lives of millions of practical jokers.

A wooden model today was placed on display at the University of Minnesota, the gift of Geo. Day, a Richmond, Ind., mechanic. He read sometime ago of the university's effort to equip its speech clinic with contrivances to encourage the use of the left hand.

The model represents a wrench no different than its multitudinous brethren save for a tin shield making it exceedingly uncomfortable to operate with the right hand.

**Restore House In  
Which Lincoln Died**  
Washington, Oct. 18.—(AP)—A vigorous effort to restore for Americans exactly as it looked April 15, 1865, the House in which Abraham Lincoln died, is being made by patriotic societies and the Federal Public Buildings and Public Parks Division.

Satisfactory progress, speeded by donations of period furniture from private citizens, is reported by Lieutenant Colonel U. S. Grant III, director of the Buildings and Parks agency, which is supervising the work.

The home, known as the Petersen street, stands at 516 Tenth street, directly across the street from Ford's theatre, where Lincoln received his fatal wounds from John Wilkes Booth. He was taken to it, dying, on the night of April 14, 1865.

From old diagrams and newspaper stories Col. Grant and his associates know the type and exact location of every piece of furniture in it that day. While the original furniture is no longer available, period pieces are being obtained.

Chicago.—Five robbers obtained \$1,500 in company funds and additional sums from customers when they held up the United Wholesale Grocery Co.

Springfield.—Gov. Louis L. Emerson has signed two bills providing for the diversion of the counties share of the gas tax from road building to unemployment relief. ## UNEMPLOYED OF LONDON BATTLE

## POLICE ALL DAY

## Scores Injured: Many Of Rioters Arrested:

## Trial Today

London, Oct. 19.—(AP)—Strong forces of police guarded the approach to Lambeth police court today, where about 30 persons arrested following riots between unemployed and police appeared before the magistrates.

In the meantime crowds of unemployed gathered again in lower Kennington Lane, but they were kept from approaching near the court.

Scores of policemen and rioters were injured in the bloody seven-hour clash which ended late last night in the historic Lambeth sections, just across the Thames from the houses of Parliament.

Hour after hour, stones and other missiles were heaved at police by the crowd, which was striving to cross the river to hold a demonstration in Parliament square. The police charged and recharged, wielding their clubs vigorously.

Toward the end groups of youths looted shops in the neighborhood, crashing in windows and making off with clothing and other goods on display.

Police said the crowd showed evidences of some military organization. The bobbies cleared the streets time after time, only to discover the mob making headway by deploying in other directions.

Beginning late afternoon several thousand of the unemployed began their march toward the Parliament buildings through the devious thoroughfares on the south side of the Thames. The demonstrators were permitted to pass in front of the new London County Council hall, just across Westminster bridge, but all approaches to Parliament Square were carefully blocked.

A check showed 20 policemen were severely injured and many others suffered minor injuries. Eight of the rioters were seriously hurt and probably scores of others less so.

**Hope Decision Will Speed Tax Payment**  
Chicago, Oct. 18.—(AP)—City officials, confident that the refusal of the U. S. Supreme Court to review cases attacking the 1928 and 1929 Cook county real estate tax assessments, would bolster Chicago's credit, planned today to confer with bankers relative to the future sales of anticipation warrants.

Several of them said the refusal of the court to review the case was the death-blow for the tax payers' strike which has crippled not only the city government but those of other cities, villages, and districts in the county.

"The decision of the Supreme Court," County Attorney Hayden N. Bell said, "and of the Illinois Supreme Court (which previously ruled against the plaintiffs in the same case adjudicated 99 per cent of all the objections now in file in the County Court against the years 1928, 1929, and 1930.)"

Perry H. Hoar, Attorney who has represented the Association of Real Estate Taxpayers in its litigation, including the Bister case, which the Supreme Court yesterday refused to review, said: "The Bister case in only one phase. We have other suits pending which will be pushed, and we feel that on some of them we will get relief."

## RELIEF BONDS MUST CARRY TO KEEP TAX DOWN

Failure Of Issue On Nov.  
8 Will Mean Double  
State Tax Rate

It is urgently necessary that every voter shall vote for the \$20,000,000 bond issue in the general election November 8. This proposition will be printed on a small ballot handed the voter in each polling place on election day. Those who vote "no" will be in favor of increasing the state tax rate about 39 cents, or doubling the present rate, hence the vote should be "YES."

It has been explained that if the bond issue for 20 million dollars is not voted the added tax which will come by reason of its failure will be equivalent to 50 cents on the cwt. on all hogs produced in Lee county in one year, and this must be on three to five cents hogs at that.

It is pointed out that while most bond issues increase taxes, this one will reduce taxes, as instead of the money being raised on real estate and personal taxes it will come out of the gasoline tax to each county that shares in the relief fund. The \$18,750,000 derived from the sale of the bonds voted by the legislature, must be paid back, either by the bond issue up for the vote or else by doubling the state tax on personal property and real estate. A vote for the bond issue means the 20 million dollars will be paid out of the gasoline tax which would be allotted to counties. Counties which received none of the emergency bond issue money, will not surrender any of their gas tax money.

**RYERSON EXPLAINS**  
Chicago, October 19.—Only a small part of the gas tax which goes to counties will be required to meet interest and principal payments on the \$20,000,000 Emergency Relief Bond Issue, Edward L. Ryerson, Jr., chairman, Illinois Emergency Relief Commission, stated in an address here last night before the Chicago Dental Society, at the Hotel LaSalle.

"If the bond issue is approved, the bonds will be retired entirely and solely from that portion of the gas tax which goes to the 40 counties that have been assisted through state relief funds," said Mr. Ryerson. "The state highway fund will not be touched, and only a small portion of the counties' share of the tax will be required for the bonds."

"The bonds will run for 20 years, and, on the basis of present market prices, will bear interest at four per cent. Suppose that \$1,000,000 worth of bonds are retired at the end of the first year. In that case we will be obliged to pay \$800,000 as interest on the total issue of \$20,000,000, and \$1,000,000 for bond retirement, or a total of \$1,800,000."

"The 40 counties which received aid from the state relief fund were allotted gas funds totalling \$7,633,336 during 1931. On the basis of this figure, less than 25 per cent of the gas tax allotments to these counties will be required to meet the first year's interest charges and a prepayment of \$1,000,000 on the bonds."

"The bulk of this sum will have to be paid by Cook County, since most of the state relief funds were used here. But, Cook County received \$4,250,288 in gas tax allotments during 1931, or more than twice the first year's interest and prepayment charges on the entire issue."

"As the principal of this issue is reduced by bond retirements, the interest charges will be correspondingly reduced, and the withdrawals of gas tax funds for this bond issue will be progressively lowered each year."

Mr. Ryerson pointed out that if the bond issue fails, a state tax of \$25,000,000 will be collected next year. Revenue notes to the value of \$18,750,000 have been sold against this tax, and the money so obtained has been spent in furnishing relief in 40 Illinois counties. If the tax is collected, the present state general property tax rate of 39 cents per \$100,000 assessed valuation will be raised from 74 to 79 cents.

This tax will not be collected, Mr. Ryerson said, if the bond issue is approved, as the funds from the

## Apportionment In Miss. Held Valid

Washington, Oct. 18.—(AP)—Upholding Mississippi's redistricting law today, the Supreme Court said the federal law of 1911 regulating the formation of new congressional districts was dead.

The state statute had been declared invalid by a Federal court in Mississippi because it violated provisions of the federal one which required that new districts should be contiguous, compact and have as nearly as possible the same number of inhabitants.

The state's redistricting was made necessary because it lost a representative under the reapportionment following the 1930 census, its membership having been reduced from eight to seven.

Three states, Missouri, New York and Minnesota, have had their redistricting laws declared invalid, but this was because their Governors failed to sign them.

## REMOVES OBSTACLES

Springfield, Ill., Oct. 18.—(AP)—A decision of the Supreme Court at Washington today that the Federal law of 1911 regulating congressional redistricting is dead, releases the state of Illinois from the only legal obstacle to redistricting as attempted by the last legislature.

Fought through newspaper columns, courts and the legislature for a score of years, congressional reapportionment was finally enacted by the 57th Illinois General Assembly, but before the re-apportionment became operative Judge Edward D. Shurtleff ruled that it contravened the Federal Act of 1911.

The Supreme Court upheld him, deciding that the Act of Congress of 1929 did not repeal the Act of Congress of 1911, which required that districts when formed shall be as nearly as practical compact and contiguous and containing as nearly as practicable an equal number of inhabitants.

With that restriction out of the way, the state legislature will have greater latitude next session in devising new districts.

## Hornor Says Party Lines Disappear

McHenry, Ill., Oct. 18.—(AP)—Judge Henry Hornor of Chicago, in an address today furthering his campaign as Democratic candidate for Governor, professed to see no political lines vanishing in Illinois and welcomed support of Republicans for his "cause."

"Our complaint," he asserted, "is not with the rank and file members of the Republican party, but with the men who assume to be its leaders. Political lines are disappearing in Illinois, because this is a crusade for honesty in government, decency in public affairs."

Touring northern Illinois counties today, the Chicago Probate Judge spoke at Richmond, McHenry and Belvidere. He made a counter-attack upon the charges that Democratic administrations are responsible for the financial straits of Chicago and Cook county, saying:

"We in Chicago have not forgotten that William Hale Thompson was Mayor of Chicago, that his waste and extravagance and the corruption that was rampant under his administration laid the foundation for Chicago's difficulties which are now being solved. And do not forget that this same Thompson is now the campaign manager and chief spokesman for the Republican candidate for Governor."

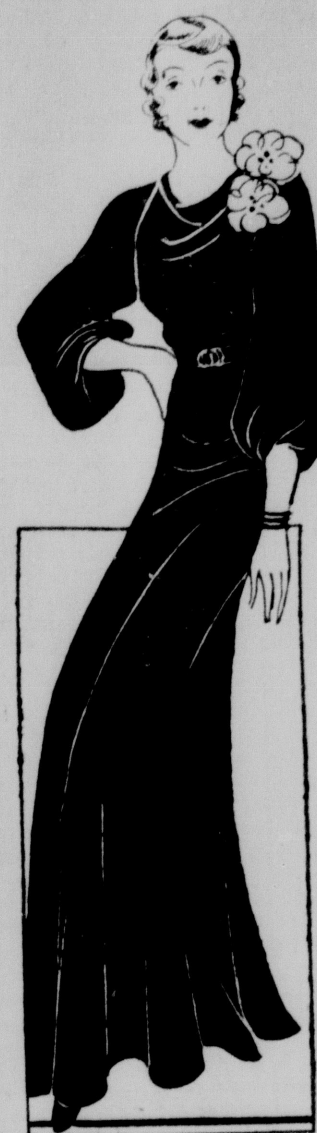

## CASE DISMISSED

Freeport, Ill., Oct. 18.—(AP)—A charge of conspiracy to violate the prohibition act against Robert W. Besse, Sterling, Ill., former State's Attorney of Whiteside county, was dismissed today.

The indictment was returned several months ago by a Federal Court grand jury. The case was dismissed on motion of the government.
